Dear Brethren,

In 1966 an ex-marine climbed to the top of a tower on a Texas campus and took fifteen lives. Four years earlier the Supreme Court ruled prayer in public schools unlawful. The church was silent.

In 1972 the Supreme Court ruled abortion on demand was legal. Americans began to offer their children on an altar to Baal for the sake of economics and personal convenience. The church was silent.

In the last few years the courts have ruled against the Ten Commandments. The church was silent.

During this time of silence salt and light has lost its savor, fit only to be trodden under the feet of men.

Children are taught evolution as fact. As a result they do what is right in their own eyes. This reality became reality at Virginia Tech University. The church did not challenge evolution. The church was silent.

America education system has planted the seed and is now reaping the harvest. The church is silent.

The stage is set for the antichrist. The church will be raptured out and forever silenced on this Earth. Now is the time to proclaim Christ. The field is white unto harvest. Let us put on the whole armor of God and fight these evil spirits. Be silent no more.

Your brother in Christ,

Preston Laughinghouse
